

CABBAGE PATCH POLS

Look what just sprouted from the Cabbage Patch: four dolls meant to look like the nominees in next week's presidential election. The one-of-a-kind creations are being auctioned on eBay, with proceeds benefitting the Marine Toys for Tots Foundation. A nice cause, to be sure, but Glare finds the dolls' resemblance less than uncanny (as will happen when a skinny senator becomes a chubby doll). Some more apt look-alikes:

Sarah Palin

Lorraine Bracco as Dr. Melfi from "The Sopranos"

Marlon Brando as Jor-El in "Superman"

John McCain

Radio right-winger Rush Limbaugh

Joe Biden

Grown-up "Webster" star Emmanuel Lewis

Barack Obama
